

Rain Barrels

What is a Rain Barrel?

A rain barrel is a container used to collect and store rainwater that would otherwise be lost to runoff and likely diverted to a storm drain. Collected water may then be used to water lawns and gardens.

- Our rain barrels, use a food grade 55 gallon barrel. Safe to use around your garden and flowers.(blue/white)
- Our design uses an inch and a half over flow pipe to handle the heaviest of rains.
- Easy hook up to your existing downspout.
- Lower spout for easy hook up to your hose.
- Built by Boy Scouts as fundraiser for scout outings, only \$65 each.
- Easy pickup or delivery available.
- Email
